

INTRODUCING THE

# DUMP-EZY DUMP STATION

LET'S LOOK AFTER OUR ELDERS.  
LET'S GIVE THEM A REST.  
A REST FOR THEIR KNEES,  
A REST FOR THEIR BACK,  
A REST FOR THEIR CASSETTES.

## MEET OUR NEW ADDITION

Now joining our Dump-Ezy family, the new Dump Station provides an entry point for all grey-water portapotty and mobile toilet waste entering the waste treatment system.

With all the benefits of the Dump-Ezy, this innovative product allows for direct discharge to sewer and/or a holding tank while offering a convenient and safe stand-up or crouch-down pouring option.

The Dump Station comes off-the-shelf, is easy to install and includes built-in, simple and effective operational signage.

Lic WMKT 21102

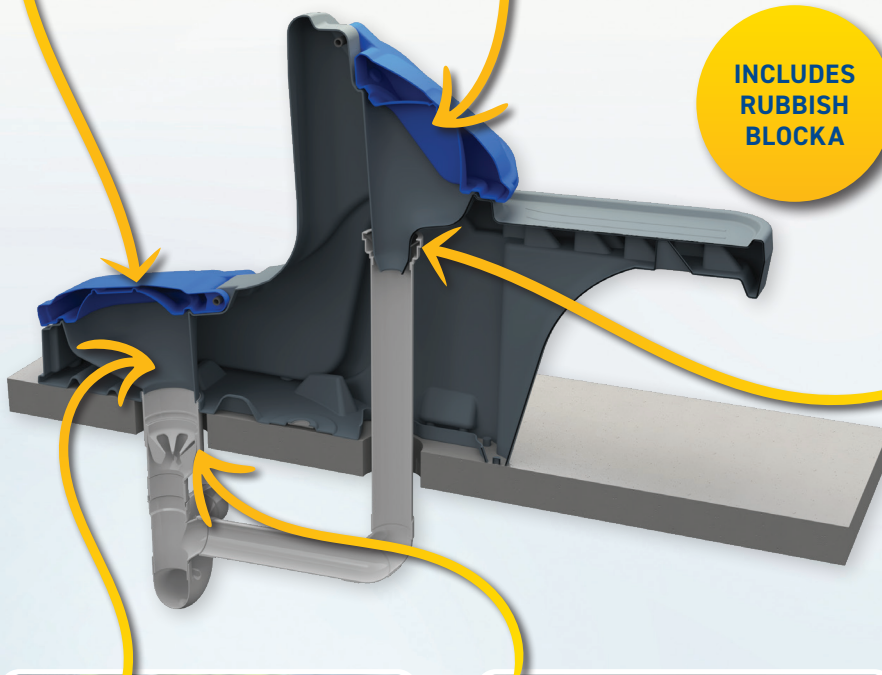

**New shaped, steep-backed bowl** to prevent splash back.

**New high funnel** for a more concealed pouring experience.

**New cap holder and pouring shelf** at a convenient and ergonomic height to rest cassettes, prepare for pouring and clean up.

**INCLUDES RUBBISH BLOCKA**

**Rubbish restricting entry point.**

The low entry is also suitable for **discharge via a gravity hose**, such as with motorhomes. Gravity hose conveniently inserts into the unit.

As the name suggests, the **Rubbish Blocka** is designed to prevent blockage by stopping unwanted items falling into the sewer pipe.

With a **low pouring option** for users of the large, heavy-weight cassette. Now with a compact base, for less reaching and straining.
