

INTRODUCING RUBBISH BLOCKA FOR THE DUMP-EZY

RUBBISH BLOCKA

Rubbish Blocka is an optional extra available for the Dump-Ezy.

As the name suggests, Rubbish Blocka is designed to prevent blockage by stopping unwanted items falling into the sewer pipe.

The average cost to call out a plumber is \$100 plus on-site labour. Rubbish Blocka may save you hundreds of dollars. Better a Rubbish Blocka today than a huge bill tomorrow!

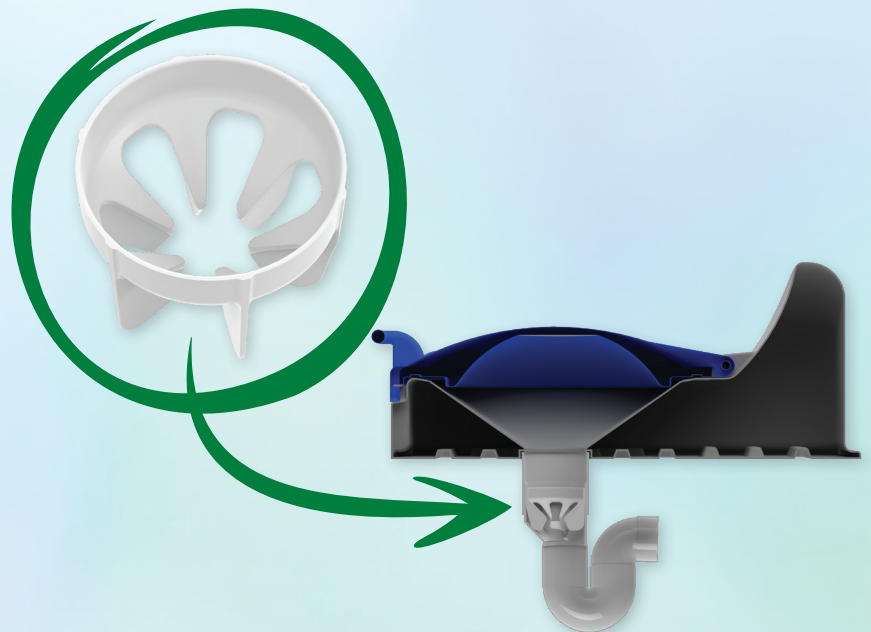

DUMP-EZY

The Dump-Ezy dump point is the entry point for all grey-water portapotty and mobile toilet waste entering the waste treatment system.

The unit allows for direct discharge to sewer and/or a holding tank.

This innovative product comes off-the-shelf, is easy to install and includes built-in, simple and effective operational signage.
